

PERIM EDITOR: Garry Braunwarth - Box 17, Site 9, RR 5 - Calgary, Alberta, Canada - T2P 2G6

It appears that summer is almost here and many of us are busy making plans for an active and enjoyable summer. I know of many local hobby clubs that shut down for the summer months, and this, I think, is a mistake. True, some members will likely be away for any given meeting, but on the other hand, I am sure that there are visitors from other areas that would like to attend a meeting. The present goal of the CANADIAN ASSOCIATION OF WOODEN MONEY COLLECTORS is to publish Timber Talk every month. Let's keep the enthusiasm going all year! Many choice pieces of wood are picked up while on holidays.

MEMBERSHIP REPORT: This month we welcome one new member sponsored by Vic Hall, C-2. Dues are \$3.00 per year and should be sent to the editor. Remember to introduce the CAWMC at the various coin shows this summer. All we require is the prospective members name, address, and \$3.00. If you know of anyone who might like a copy of Tiber Talk, please write and I will forward a copy to them. Please add to your membership list:

CANADIAN WOODEN MONEY QUIZ by Tom Hudson C-13

1. This piece has "stolen from" on it.
2. Wood was issued for a Royal Visit first in this year.
3. Wood was also issued for a Royal Visit in this year.
4. This town issued a $1\frac{1}{2}$ x 1 coin club piece.
5. This person issued wooden "sous", wooden crowns, 5¢ pieces, and $12\frac{1}{2}$ pieces.

(Tom: We need a few more questions.)

CLUB LOGO: I have received a few letters on this subject. Some thought that our club name was too long to place on a wooden nickel along with a logo. This is true. It was suggested by one member that we shorten the name of the CAWMC. Much consideration was given to selecting a name and the CAWMC was not the first considered. I would suggest that we leave our name as is, and if we decide to place a logo on a wooden nickel that at most we use our initials. We can still use our full name if we are advertising for members or advertising at a particular show. On the same subject I have received some more suggestions, each one with just the letters "CAWMC" arranged in various formats, position of letters, size of letters, etc. Personally, I prefer something with a symbol which can be readily identified with the hobby of collecting wood. The designs included with the last issue of Timber Talk are examples of this.

EXHIBITING WOOD AT THE CNA: This is an area that should be pursued in depth for the 1976 CNA convention. Two main reasons were given me as to why 'they' were not keen on establishing a category for wooden money. One was space limitations and two they were worried that this would open the door for any group to request their own category, be they numismatic or not. Also there was some concern of not having any or more than one or two exhibits in the category. After the co-exhibit chairman received a letter from Clarence Kramer he realized that there was a wide interest in this area. I think that if we guarantee a certain number of exhibits and donate a trophy to the winner, the CNA may accept our proposal.

ELECTION OF OFFICERS: Our Returning Officer is Norm Wells C-17 of 53 Maria St., Peterborough, Ontario K9H 1B5. Norm is completely responsible for the elections, a job I am sure he will handle very well. We will attempt to keep the number of elected officers to a minimum and set up various committees responsible for different functions. The exact format could change slightly, however at present the offices are: President, Vice-President, Secretary-Treasurer, Editor of Timber Talk, and Board of Governors. If you have any nominations please send them to Norm. We want to have the ballots go out with the May issue of Timber Talk so that the results can be received prior to the CNA convention in Calgary in July.

AUCTION: Bruce Watt C-23 has consented to run the CAWMC auction this fall. We have no intentions of rushing into an auction or operating it in any way except professionally. Bruce is very capable and will do a good job. If you have any material to donate to the club, please send it to Bruce at 1153 Northridge St., Oshawa, Ontario L1G 3P3. This will enable Bruce to catalog it & get it ready for publication in a future issue of Timber Talk. Wooden money printer Frank J. DeGilio C-7 has sent six wood pieces framed depicting the 'Birth of Our Nations Flag - June 14th, 1777.' Each flat depicts a different version of the American flag as it evolved from 1775 to 1777. On behalf of the Canadian Association of Wooden Money Collectors, I thank you. This will be one of the items in the forthcoming auction.

ENCLOSED WOOD: Friend Tom Hudson sent the enclosed wood that he passed out at the IOWMC Convention held in Columbus, Ohio in August 1974. Thanks Tom.

MORE DONATIONS: Ben Davis C-38 has sent a few of the Circle 'E' Saddle & Western Wear wooden nickels of Victoria, B. C. As no policy has been established as to whether the club will attempt to acquire wood for its library or whatever, we will keep one of the pieces, and will forward the balance to Bruce to put in the auction. Other members might note that Ben just went into the store and asked if they would donate some of their wood and they gave him a handful. If other members would do this where wood is issued locally, we would have a large auction. Try it.

WOODEN CHARTER CERTIFICATES: No definite decision yet. Some have indicated a very keen interest in it, some are indifferent, and one was against it but would buy one if that was the wish of the majority. We may hold a poll on it with the upcoming ballots (election). If the majority decide to buy it, we may collect the \$1.00 with the membership dues next year. This would perhaps be the easiest way. Wooden membership cards should be printed this summer.
